

CAREERS AT CASAMAX

Join Our Growing Platform Team

About Working at CASAMAX

At CASAMAX, we're building innovative technology that connects people with quality home furnishing solutions. As a platform-only business, we focus on technology development, user experience, and partner relationship management rather than traditional retail operations.

Founded by Ismail USLU with over 25 years of travel industry experience, CASAMAX operates on the principle of creating seamless connections between customers and quality Partners through advanced platform technology.

Our Mission

To eliminate the stress and complexity of home furnishing by creating seamless connections between customers and quality Partners through our advanced platform technology.

Why Join CASAMAX?

Innovation-Focused Environment

Work with cutting-edge AI technology, platform development, and user experience design in a fast-growing technology company disrupting the home furnishing industry.

Remote-First Culture

Flexible work arrangements with emphasis on work-life balance, virtual collaboration tools, and quarterly team gatherings.

Growth Opportunities

Join a rapidly scaling company with increasing responsibilities, high visibility for contributions, and opportunities to shape our technology and processes.

Our Values

Technology Excellence: Commitment to building robust, scalable platform technology

Customer-Centric Innovation: Every decision focused on improving user experience

Collaborative Problem-Solving: Cross-functional teamwork and knowledge sharing

Adaptability: Embracing new technologies and creative solutions

Current Opportunities

We're actively seeking talented professionals in:

- Platform Engineering and Development
- User Experience and Product Design
- Partner Relationship Management
- Customer Success and Support
- Data Analytics and AI Development
- Marketing and Growth

How to Apply

Send your resume and cover letter to info@casamax.com with the position title in the subject line. Tell us why you're excited about joining our platform team and how your skills align with our mission.
